प्रकरण का निस्तारण 15 दि.

आमद / खानगी शाखा पर दर्ज है।

I am writing to request an extension for the construction permission granted to us by the (UIT) for our project Platina located at KCP-1 Maharana pratap circle Kunhari kota. Our current permission is set to expire on 30.06.2023, and we kindly request an extension until June 2024.

The reason for this extension request is to ensure that we have sufficient time to complete the construction in accordance with the approved plans and meet all the necessary quality and safety standards. Several unforeseen circumstances, have impacted our construction timeline, making it challenging to adhere to the current deadline.

Extending the construction permission until June 2024 will allow us to address these challenges effectively and ensure that the project is completed to the highest standards, benefiting both the community and the city as a whole. We are committed to minimizing any inconvenience to the local residents and maintaining a clean and safe construction site throughout this extended period.

In addition, we would like to assure the UIT that we will continue to comply with all relevant regulations and requirements during the extended construction period. Our commitment to environmental sustainability and community engagement remains steadfast.

We understand the importance of adhering to deadlines and respecting the regulations set forth by the UIT. Therefore, we kindly request your support and understanding in granting this extension. We are prepared to provide any additional information or documentation necessary to facilitate this request.

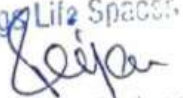

Please let us know if there are any specific procedures or forms we need to follow to formalize this extension request. We are eager to work closely with the UIT to ensure a smooth continuation of our project.

Thank you for your attention to this matter, and we look forward to your positive response.

Sincerely,

Silver wings life spaces
